EXPERIENCE

Infosys Ltd., Pune — *Full Stack Developer*

JUNE 2019 - PRESENT

Helped in developing a project from scratch by completing the assigned tasks in a given time keeping track of bugs and quality of code.

Did p.o.c on some innovative ideas related to the project and implementing them in code once approved by the product owner.

EDUCATION

Mnit, Jaipur — *B.tech*

JUNE 2015 - MAY 2019

CGPA – 9.34.

S.J Public School, Jaipur — Science

APRIL 2014 - MARCH 2015

Percentage - 96.2 %.

PROJECTS

— *Fox Fun*

An animated cartoon with multiple background scenes is rendered with the help of CSS and javascript. Modular Implementation is done with a timer controlling the call of the different modular functions.
Github: https://github.com/paraggoyal28/foxgameJavascript

— *Blog Post*

A flask application built on MVC architecture consisted of displaying and editing a user's own posts.
Github: https://github.com/paraggoyal28/microblog_flask

— Microprocessor Emulator

Visualization of the internal working of a basic microprocessor like 8085

with a few commands like AND, ADD, SUB, XOR, STA, etc.
Git Hub:
